Steps to Cardinal Commerce URL update

Update the cardinalCommerce.tag

File Path:

hybris\bin\<env>\isvpaymentaddon\acceleratoraddon\web\webroot\WEB-INF\tags\responsive\payment\3ds\cardinalCommerce.tag

Function Name: setUp

Replace line

```
if (event.origin === "https://centinelapistag.cardinalcommerce.com") {
```

With

```
if (event.origin === new URL(response.data.deviceDataCollectionURL).origin) {
```

NOTE: <env> holds either “b2b” or “b2c”
